

## Bargaining Update

CEA members have been asking for ways to become more engaged in the bargaining process. CEA has held one Town Hall on Sept. 25 and another is scheduled for Oct. 9 at 4:30 p.m. at the Linmoor Education Center. A town hall serves as a way for members to come together and discuss ideas and current concerns while offering possible solutions for the next round of bargaining. At the Town Hall on Sept. 25, CEA members learned about the bargaining process and discussed proposals for the upcoming negotiations survey.

On Friday, October 12, a link to the Bargaining Issues Survey will be sent to your personal email address. This survey will remain active until midnight on Sunday, Oct. 28. This is your opportunity to have your concerns heard. All of the proposals submitted through the survey, as well as items discussed and submitted during the town halls will be compiled into a Bargaining Priorities Survey which will be released in late November.

## United Way: For Our Families

United Way of Central Ohio is the flagship organization supporting community needs in many key areas. The Association pledged its support Oct. 4 with a campaign kickoff at the Columbus Downtown HS that included both

CEA Faculty Representatives and CCS Administration. United Way is committed, through the work of its many member agencies, to improving opportunities for education, safe neighborhoods, and access to job training and health care. The goal is broad, lasting change that will make life better for all of us. When you give to the organization, you empower so many other organizations that help our students and their families.

One of United Way's chief goals is to reduce the effects of poverty. Even though unemployment has decreased, many families are still struggling. United Way looked at data to determine the root causes of these hardships in our community. Your donation helps to promote and improve public policies that can help break these barriers. These funds help United Way with its crucial work leading to investments in high-need neighborhoods where revitalization is critical, and where expanded resources will assist many agencies working toward this goal. United Way already has helped improve kindergarten readiness, removed barriers to health care, encouraged good nutrition and fitness, helped our neighbors prepare for disasters and emergencies, created safer neighborhoods and provided safe and decent housing for many more of our neighbors.

When you receive your materials, please take a moment to review them, then think of your students and give generously.

## Congratulations to the New TLI Cohort

Four years ago, NEA, the National Board of Professional Teaching Standards and the Center for Teaching Quality, have established the Teacher Leadership Institute (TLI). The goal of this elite training institute is for teachers to gain the skills that lead to more consequential roles in shaping the policies and practices that govern teaching and learning in the United States.

CEA is proud to announce the latest cohort of TLI participants from our district. These leaders will engage in important work, collaborate with peers nationally, and receive extensive coaching as they participate in a rigorous program that features a capstone project with an evidence-based portfolio. We are proud of this new group, who are poised to

become leaders of the profession, emerging with the knowledge, skills, and core values to meet the new demands as a 21st-century teaching professional. Congratulations to the 2018-2019 CEA TLI Cohort:
