New CEA Solidarity T-shirts Coming

Your Union has received many requests from members who would like to purchase their own CEA Solidarity T-shirt. Recently, the CEA Board of Governors approved the purchase of a shirt for every member, free of charge.

This year, the classic CEA Solidarity T-shirt has been slightly redesigned (as shown above). The shirt is unisex, union-printed and made of 100 percent Airlume pre-shrunk, combed, and ring spun cotton.

We anticipate these shirts arriving at work locations beginning in early May. To ensure the earliest possible availability, please make sure you reserve your shirt no later than 11:59 p.m., Monday, Apr. 26. Members who do not reserve a CEA Solidarity T-shirt will have to pick up their shirt at the CEA Office. To make sure you receive a correctly-sized CEA Solidarity T-shirt, reserve yours now by going to: https://www.surveymonkey.com/r/PPJLQLS

Update: OTES 2.0

Next school year, our district’s teacher evaluation process will transition to OTES 2.0. This new framework is no longer a 50/50 split between Teacher Performance and Student Growth Measures (it is fully based on Teacher Performance).

Professional Learning & Licensure is partnering with ODE to offer several opportunities for new learning. The purpose of this 1.5 hour session is to provide an overview of the Ohio Teacher Evaluation System 2.0 (OTES 2.0). The OTES 2.0 Overview session is intended for those impacted by changes in legislation which prompted the revision of the current OTES, those being evaluated as licensed educators. Participants will gain a better understanding of Ohio’s transition from OTES 1.0 to OTES 2.0, shifts in focus throughout the evaluation system, and prompt future conversations about how to implement the evaluation system as a true professional growth model.

Objectives:

By the end of the session, participants will:

1. Meaningfully engage with information concerning the transition to the Ohio Teacher Evaluation System 2.0.
2. Examine the legislation, framework, and model information that comprise the Ohio Teacher Evaluation System 2.0.

Register for a session and learn more about OTES 2.0, go to https://ecoh.truenorthlogic.com (Course Number: 41302).

Remember to scroll down and click on “view all sections” in the bottom right hand corner to see all eight options. These sessions will be through Zoom and you will receive the link and any training materials the day before your session. Below are the dates and times for the overview sessions:

| May 11 | 3:45–5:15 p.m. |
| May 12 | 3:45–5:15 p.m. |
| June 15 | 10–11:30 a.m. |
| June 16 | 2–3:30 p.m. |
| July 21 | 4–5:30 p.m. |
| July 22 | 4–5:30 p.m. |
| August 10 | 4–5:30 p.m. |
| August 13 | 10–11:30 a.m. |

OEA and Ohio Federation of Teachers Oppose Legislative Attack on Trans Students

[April 14, 2021] Melissa Cropper, President of the Ohio Federation of Teachers, and Scott DiMauro, President of the Ohio Education Association, released the following joint statement in opposition to HB 61 & SB 132, bills that would ban trans students from competing in school sports consistent with their gender identity.

“These bills — HB 61 and SB 132 — are not just a sports ban, this is part of a coordinated national attack on the safety and lives of trans students. As educators, we are speaking up because we know that our students don’t thrive when they’re not safe and healthy, and because every student deserves respect.”

Ultimately, the year-long process will result in a comprehensive District Facility Master Plan.
**Grievance Update**

Your Association works hard to protect your rights and maintain the integrity of the negotiated contract. While we advise bargaining unit members to work out problems at the building level first, we know this isn’t always possible. We will regularly inform you of the grievances on which CEA is working.

**Evaluations: Know Your Responsibilities**

As we approach the end of the evaluation process for this school year, there are a few things you must complete to ensure everything is in order. Please keep the following dates in mind as we close out 2020-2021 evaluation cycles.

**ODE** has a required electronic teacher and principal evaluation system (eTPES) that is used for reporting the evaluation results for classroom teachers & school counselors (not LSPs).

- Apr. 22–27: (Check your CCS email for directions on this step from LLEAD Administration.) Teachers and school counselors should log into eTPES and acknowledge Final Summative Rating by entering your PIN. This acknowledgment only indicates that you have seen your ratings, it does not indicate that you are in agreement with your rating. (If not completed by Apr. 27 your evaluator will confirm rating in eTPES.)
April 28 – May 7: Teachers and school counselors will receive a printout/electronic version of their Final Summative Rating Report from cTPES from building principal or evaluator. Staff on the LSP rubric will receive a printout/electronic version of their Final Summative Rating Forms from ILEAD from building principal or evaluator. This constitutes the Final Conference for the school year.

Joint Evaluation Panel has approved an Appeals Process for staff who wish to appeal their evaluation. Staff must meet one of the following criteria:

- Educators that have an overall Final Summative Rating of “Ineffective.”
- Educators that have an “Ineffective” performance rating.
- Two evaluators and the overall rating is questionable.
- The evaluation contains a procedural error.

The Evaluation Appeal Form will be available on May 10 on the ILEAD website at https://www.ccsoh.us/Page/2360. To file an appeal, submit the completed form along with appropriate documentation to Teri Mullins at CEA by 4:30 p.m., Friday, May 21, 2021. The Joint Evaluation Panel will meet to review appeal requests the week of June 7.

STRS Elections and OEA Endorsements

When it comes to the oversight of retirement funds for Ohio’s teachers experience matters. The OEA Board of Directors has endorsed the candidacy of three current STRS Board members for re-election. Carol Correthers is running for re-election to an active member seat on the Board. Rita Walters and Robert Stein are seeking re-election as retiree representatives on the Board. They are all committed to acting in the best interest of all STRS members and ensuring that STRS is strong and stable for the long haul.

During this time, the funding level of the STRS pension plan has improved significantly. This makes the future benefit payments a treat for active teachers more secure.

Carol Correthers (Active Seat)

Carol Correthers is an intervention specialist with over 20 years of experience in the Lorain City Schools. She is active in her local association and a former member of the OEA Board of Directors. Correthers has served on the STRS Board since 2009. During this time, the funding level of the STRS pension plan has improved significantly. This makes the future benefit payments for active teachers more secure.

Rita Walters and Robert Stein (Retiree Seats)

Rita Walters retired with 35 years of experience as a classroom teacher with Switzerland of Ohio Schools. As an active teacher she also served as president of her local association and on the OEA Board of Directors for 12 years. Walters was elected to the STRS Board in 2017.

Robert Stein is a retired teacher from Strongsville City Schools and was also Praxis III assessor with the Ohio Department of Education. Stein has served on the STRS Board since 2009. During their time on the STRS Board, the solvency of the STRS retiree health care program has vastly improved. Once, projected to run out of money in a few years, the health care plan is now over 100 percent funded. Additionally, STRS continues to be recognized as a premier public retirement system and over 90 percent of retirees have favorable views of STRS.

Important Quarantine Update from CCS

Effective Wednesday, Mar. 24, 2021, Columbus City Schools will follow the recently updated recommendations for exemption from quarantine after COVID-19 vaccination from the Centers for Disease Control and Prevention (CDC). The Ohio Department of Health and Columbus Public Health have also adopted this guidance, which may now be implemented.

Fully-vaccinated CCS employees with an exposure to someone with a suspected or confirmed case of COVID-19 should monitor for symptoms of COVID-19 for 14 days following the exposure and follow recommended isolation protocols if they develop COVID-19 symptoms.

However, they are not required to quarantine or be tested if they meet all of the following criteria:

- Are fully vaccinated, meaning:
  - Two-Dose Series (Moderna or Pfizer) at least two (2) weeks following receipt of the second dose
  - Single-Dose Series (Johnson & Johnson) at least two (2) weeks following receipt of the dose
- Have remained asymptomatic since the current COVID-19 exposure

Quarantine Exemption Process:

1. Identify exposure;
2. Supervisor, School Nurse, or Building Administrator requests a copy of the employee’s immunization card;
3. Supervisor, School Nurse, or Building Administrator views copy of the card and checks that it meets the criteria for 14 or more days after the last dose of vaccine;
4. Supervisor, School Nurse, or Building Administrator enters data on Columbus City Schools’ Staff Member COVID-19 Tracking Form.

Note: Employees who cannot or will not submit a copy of their immunization card will be required to quarantine per Columbus Public Health guidelines.

Note from CEA: We have confirmed with the Director of Health Services, Dr. Kate King, that a digital photograph of
other facsimile of their immunization card where the identifying information is clearly visible is acceptable. CEA members should safeguard the original copy of their immunization card.

House Bill 151 replaces the Ohio Teacher Residency program with two-year New Teacher Mentorship Programs developed at the local level

OEA supports HB 151. Beginning with the 2023–2024 school year, HB 151 replaces the statewide Ohio Teacher Residency program (including the resident educator summative assessment) with two-year New Teacher Mentorship Programs developed at the local level.

New Teacher Mentorship Programs will help early career educators successfully transition into the profession with supports such as mentoring, counseling, and opportunities to observe veteran teachers.

The current statewide OTR program has been criticized for having redundant and tedious requirements that distract from teaching and drive younger teachers out of the profession. HB 151 seeks to address these problems. The bill has bi-partisan co-sponsors and was introduced by Rep. Don Jones (R-Freeport), a former classroom teacher.

HB 151 would do the following:

• Beginning with the 2023–2024 school year, replaces the Ohio Teacher Residency (OTR) program with two-year New Teacher Mentorship Programs developed at the local level.

• Requires each Local Professional Development Committees (LPDCs) to establish a two-year new teacher mentorship program that "reflects on instructional practices, an introduction to the teaching profession and the school district or school, as well as any other topic determined appropriate by the committee." Components of the program must include mentoring, counseling, and opportunities to observe veteran teachers.

• Requires LPDCs determine time frame by which individuals enrolled in the OTR program before April 12, 2023 shall complete a new teacher mentorship program under HB 151.

• Assigns each new teacher a mentor teacher that has at least five years of experience and has renewed their professional license at least once.

• Requires each school district to provide at least one day of professional development to new teachers in each of their first two years to observe a veteran teacher.

• Removes any statewide summative assessment (e.g. RESA) that "live" instruction to their remote students. However, these negotiations are those with AP, IB, CCP, or Career Center students.

• If an AP, IB, CCP, or Career Center student is directed to provide simultaneous remote-in instruction are those with remote students for whom remote-in instruction may fall outside of these asynchronous minute requirements if teachers, in their professional judgment, choose to provide live instruction at their sole discretion to students who are remote or if the teachers must provide live instruction to certain students who are remote if deemed an appropriate accommodation as the result of a 504 or IEP team meeting, due process or mediation case.

This is unacceptable.

**When Can I Afford to Retire or Will I Just Die at My Desk?**

Retirement is confusing and planning is usually far more complex than members realize. It is even more complex if you are married to someone working in the private sector because of Social Security’s Government Pension Offset and the Windfall Elimination Provision (GPO-WEP). But with this workshop, we will increase members’ awareness of their retirement system, their pension payout options, health care costs and more. Participants will be able to determine if they are on the right track in their retirement preparations and, if not, what are their options, including sheltering severance pay and purchasable service credit options.

**CEA Presents April Showers with NEA Member Benefits**

Each Tuesday and Wednesday at 4:30 p.m. throughout the month of April, CEA members are invited to engage with NEA Member Benefits via Zoom and be showered with information about Student Loan Forgiveness and Retirement. The ZOOM link will be the same for all five occurrences of each presentation per Tuesday and Wednesday. However, these negotiations are those with AP, IB, CCP, or Career Center students. We are also receiving reports that some administrators are directing, encouraging, suggesting, pressuring, or implying that other CEA bargaining unit members must provide remote-in instruction.

**Important Information: Remote-In/ Simultaneous Instruction**

During negotiations for our comprehensive 2020–2021 School Year Memorandum of Understanding, the District’s bargaining team brought to the table a proposal that a large group of CEA bargaining unit members would be required to instruct in-person and virtual students simultaneously using “remote-in” technology. The CEA bargaining team was unequivocal in its response. **Except in extremely limited circumstances, the proposal was a non-starter.**

Educators responsible for the supervision and education of both in-person and remote students at the same time incur significant risk to their licensure and careers. We reminded the Board’s team that during these very negotiations, over 600 teachers in neighboring Gahanna made the difficult decision to go on strike, in the middle of a global pandemic over this very issue, ultimately forcing that district to drop the requirement.

**Your CEA team was successful in limiting so-called “remote-in” instruction to the following situations** (Blended Learning Model, Content Area Teachers, Paragraph #4): **Special identified student populations (AP IB, CCP, Career Center)** may fall outside of these asynchronous minute requirements if teachers, in their professional judgment, choose to provide live instruction at their sole discretion to students who are remote or if the teachers must provide live instruction to certain students who are remote if deemed an appropriate accommodation as the result of a 504 or IEP team meeting, due process or mediation case.

This language is followed by an entire paragraph of agreed-upon protections for members in these narrow categories. To be crystal clear:

1. The ONLY CEA bargaining unit members who can be directed to provide simultaneous remote-in instruction are those with remote students for whom remote-in instruction has been deemed an appropriate accommodation as the result of a 504 or IEP team meeting, due process or mediation case.

2. The ONLY CEA bargaining unit members who may choose, at their sole discretion, to provide remote-in instruction are those with AP, IB, CCP, or Career Center students.

We understand the desire of some members to provide extra “live” instruction to their remote students. However, these negotiated limitations are for the protection of your licensure and career.

We are also receiving reports that some administrators are directing, encouraging, suggesting, pressuring, or implying that other CEA bargaining unit members must provide remote-in instruction.
A directive to provide remote-in instruction is a change in your working conditions that must be bargained pursuant to Ohio Revised Code 4117. Outside of the narrow categories detailed above, no such agreement has been reached between CEA and CCS. A directive to other bargaining unit members to provide remote-in instruction will result not only in a grievance being filed for violation of the MOU, but potentially an Unfair Labor Practice charge being filed with the State Employment Relations Board for a unilateral change in working conditions.

If you have any questions do not hesitate to contact CEA.

- Deductions for Union Dues: The “Tax Cuts and Job Act,” effective in the 2018 tax year, suspended the previous deduction for job-related expenses or other miscellaneous itemized deductions that exceeded two percent of adjusted gross income. This suspension includes unreimbursed employee expenses such as union dues. These expenses are no longer deductible. Therefore, the annual “Deductible/Non-Deductible portion of dues,” featured in The CEA Voice and communicated by CEA, will no longer be produced. For further information, see your tax preparer or IRS Publication 5307.

- Professional Leave: There is $200,000 available to bargaining unit members each year to pursue professional development opportunities outside the school district. These include taking a course or attending a conference or workshop. Due to the COVID-19 Pandemic, all district-related travel has been prohibited, however, professional leave is available for online conferences. Forms to apply for professional leave are available in the “Forms” section of the CEA website or the CCS Intranet, along with the full leave guidelines and the deadline schedule for applications based on the activity date.
