Our hearts and our thoughts go out to their families and the staff at Avalon and Clinton ES.

HB 327: Anti-Freedom in the Classroom Bill Undermines Honesty in Education

OEA opposes HB 327. Despite some recent changes to the bill, HB 327 continues to prohibit K-12 schools, state institutions of higher education, state agencies, and political subdivisions from teaching, instructing, promoting, or providing professional development in certain "divisive concepts" listed in the bill. OEA also opposes HB 322, a similar bill that is receiving less attention from the Ohio House State and Local Government Committee.

Violations of murky state censorship prohibitions in HB

327 would threaten students with loss of graduation credit, schools with the cancellation of their state funding, and threaten educators with suspension/revocation of their state licenses. HB 327 also threatens financial harm to educators and schools with exposure to uncapped civil liability damages in lawsuits brought by parents alleging violations of state censorship regulations.

Educators and students deserve the freedom to teach and learn without fear of state censorship, intimidation, and punishment. Instead of more state regulations in the classroom, let's trust educators, administrators, and school board members to do the jobs they were trained and elected to do on behalf of students.

HB 99 Passes House, Heads to Senate

House Bill 99, sponsored by Representative Thomas Hall (R-Madison Township), passed the Ohio House on Wednesday, Nov. 17, on a 59-33 vote. Representative Gayle Manning (R-North Ridgeville) joined all 32 House Democrats in voting against the bill. It was previously voted out of the Ohio House Criminal Justice Committee by a party-line vote of 7-5. The bill would exempt a "person authorized to go armed within a school safety zone" from satisfactorily completing an approved basic peace officer training program. This would reverse the 2021 Ohio Supreme Court ruling on **Gabbard v. Madison Local School District Board of Education**.

Substitute House Bill 99 would prescribe state training requirements at a maximum of 20 hours of initial training and 4 additional hours to be completed annually. OEA believes this level of firearms training remains inadequate and will ultimately jeopardize the safety of students and staff.

Additionally, the measure requires a board of education or governing body of a school to notify the public that they have

Grievance Update

Your Association works hard to protect your rights and maintain the integrity of the negotiated contract. While we advise bargaining unit members to work out problems at the building level first, we know this isn't always possible. We will regularly inform you of the grievances on which CEA is working. To review the text of each grievance in its entirety, go to <https://bit.ly/3D9KSY6>.

authorized one or more persons to go armed within a school of the board or governing body. However, the bill does not expressly state how often the governing body should notify the public and if school districts who have already authorized this policy are required to notify the public.

In the House Criminal Justice Committee, Representative David Leland (D-Columbus) offered two OEA supported amendments that were tabled. These amendments would have enhanced the notification provisions and removed the maximum training hour requirements and instead allow the Ohio Peace Officer Training Commission to determine the hours sufficient for training of armed school personnel. The bill will be referred to the appropriate Senate Committee for further action.

OEA remains opposed to the bill.
