What Happens Once a Complaint is Filed with PERRP?

PERRP will notify the employer in writing of the complaint (not including the name of the complainant). The employer must investigate, correct, and respond to the allegations within 30 days. If the employer does not respond, or if PERRP determines the response is inadequate, an inspection of the workplace will result. Two outcomes can result from a complaint inspection.

1. PERRP determines there are not reasonable grounds to believe that a violation or danger exists. If this occurs, the complainant will be notified of the outcome.
2. PERRP identifies violations and issues citations to the employer that require corrective action. If the employer fails to correct identified hazards within the allotted time, they may face fines.
